EDUCATION

University of Virginia

Bachelor of Arts in Computer Science, Minor in Technology Entrepreneurship

Major GPA: 3.72

Charlottesville, VA

Expected May 2025

EXPERIENCE

General Dynamics Information Technology

June 2023 – August 2023

Software Engineer Intern

Falls Church, VA

- Actively involved in the development and maintenance of the U.S. Senate TranSAAct program, a government project aimed at automating and enhancing the efficiency of Senate operations
- Coordinated a substantial code refactoring effort, implementing more efficient code which contributed to a 26% improvement in system performance load times

Xeeva

May 2022 – August 2022

Software Engineer Intern

Reston, VA

- Benchmarked different databases (MongoDB, MySQL, Cassandra) in context of Xeeva's usage using R, findings will help begin a transition towards NoSQL decreasing wait times by 4x
- Analyzed and cleaned 100k+ rows of data, pulled valuable information out of sub-optimal data to be analyzed

PROJECTS

Decentralized Ethereum Escrow | *Solidity, React, Ethers.js*

- Created a decentralized application to handle escrow contracts on the Ethereum blockchain, allowing users to deposit Ether and release it to a beneficiary once both parties approve
- Implemented advanced smart contract functionality to automatically manage funds transfer

Freedomap | *Javascript, Python, Flask, Google Maps API*

- One of four leads creating a web-app used to track protests after the 2020 George Floyd protests, initially submitted to the Congressional App Challenge
- Displays a heat-map of protests at a given location, allowing users to report protests at the current location

YT-dl-web | *Python, Flask, Pytube, Javascript*

- Developed a Flask web-app used to download YouTube videos with custom metadata and alternate file formats
- Modified popular Python libraries pytube and Flask-Table to add necessary features

EXTRACURRICULAR & LEADERSHIP

Blockchain at UVA

September 2022 – Present

VP of Technology

Charlottesville, VA

- Spearheaded the club's restructuring and curriculum development, and led a rigorous selection process to identify 30 exceptional candidates from a pool of 140 applicants for a specialized blockchain training program
- Led strategic initiatives on the Executive Board collaborating with the President, conducting hands-on Solidity blockchain development workshops enhancing team proficiency

Alpha Kappa Psi Professional Business Fraternity

January 2023 – Present

Professional Chair

Charlottesville, VA

- Selected from a pool of 240 into 19 to participate in an 8-week program designed to strengthen business, consulting, marketing, and finance skills
- Organized multiple professional development events for the brotherhood to further advance industry knowledge
